Gerard Manley Hopkins is considered to be one of the greatest poets of the Victorian era. However, because his style was so radically different from that of his contemporaries, his best poems were not accepted for publication during his lifetime, and his achievement was not fully recognized until after World War I. Hopkins's family encouraged his artistic talents when he was a youth in Essex ...

As the delta-V for a mission goes up, the amount of propellant required goes up exponentially (or looking at it another way: the amount of payload shrinks exponentially). Large amounts of propellant are expensive, but the higher the mass-ratio the higher the likelihood that the spacecraft will not be reusable.
