Knowledge-based Generation of Illustrated Documents

Identify each page with the first two or three words of the title and with the page number placed on the upper right hand corner of the page. Use five spaces between the title and the page number. Do not use your name to identify each page. Be sure the font type and size are the same as that used in the document.

Basic Formatting for a Microsoft Word Document

Introduction to Basic Legal Citation. This is not a comprehensive citation reference work. Its limited aim is to serve as a tutorial on how to cite the most widely referenced types of U.S. legal material, taking account of local norms and the changes in citation practice forced by the shift from print to electronic sources.

Introduction to Basic Legal Citation - CALI

The Instructional Role of Illustrations: Illustration Functions. One of the more useful ways of approaching instructional illustrations is by examining their functions (Duchastel, 1978). In this discussion, we will examine how illustrations can attract attention, aid retention, enhance understanding, or create context. For example, showing a ...
