Cite Creator is a chrome extension that produces cites for use in high school or college debate, using information in html tags or page info, and copies them to the clipboard. It has both automatic and manual modes, and outputs cites that work well with Verbatim.

Verbatim | Paperless Debate

LDers also tend to flow on legal paper. Don't flow on legal paper if you're a CXer unless you wanna get funny looks. I've never seen a PF round that was remotely flowable. EDIT: for the sake of clarity, I should also add that each paper had eight columns, one per speech. So the whole debate went across the paper aff, neg, aff, etc...

Name Public Forum Debate: Sample Flow

In policy debate, the flow (flowing in verb form) is the name given to a specialized form of notetaking or shorthand, which debaters use to keep track of all of the arguments in the round.. It incorporates specialized and individualized abbreviations, notations, and symbols that allow debaters to keep up with the rapid speed of delivery in most speeches while making a record of as much as ...

Flow (policy debate) - Wikipedia

The outline for the Debate paper—the organization of the paper—is really quite simple. Here's what it would look like. This is a template. It tells you the format, but does not tell you the content. That depends on your research. Don't just copy this. Instead, fill in the information on your research question and your sources.

ENG 102 - Debate Paper Outline

Flow.Fastflow - A new, paperless, way to flow : Debate
Some students flow the case on one legal or art pad, and all the off-case argu-ments on another. But as the debate grows more complicated, pages must inevitably be torn off the pad, which risks losing critical pieces of paper. So try this: use multiple pads, even as many as ten, and only flow one argument per pad. It is harder to lose a
