

## *Home Stereo Buying Guide*

### **Home Stereo Buying Guide**

Stereo systems come in a wide variety of designs, features, and prices, but they all have three things in common: Speakers (two for stereo sound, more for surround sound or home theater), a Receiver (a combination of an amplifier with an AM/FM tuner) and a source (CD or DVD player, a turntable, or another music source). You can purchase each component separately or in a pre-packaged system.

Buyers should be proportionate in their home stereo spending, Chicoine recommends, and not spend their entire budget on speakers, for example and then cheap out on the amplifier and turntable. "It's like buying a Porsche, and putting the cheapest gas you can find into it, because you don't have any more money," Chicoine says.
