Results of the cohort studies reporting data on glyphosate and cancer are shown in Table 2. Flower et al. (2004) evaluated associations between pesticide application by parents and cancer among children born to Iowa participants in the AHS. Female applicators and spouses of male applicators were asked to complete a questionnaire to collect data on children born after 1975.

Randy Oliver ScientificBeekeeping.com In January I wrote about an exciting extended-release application method for oxalic acid [1]. I'm currently collaborating with the USDA Agricultural Research Service and the EPA to get this application method added to the current label for oxalic acid. In the interest of full transparency (and to show how I've been putting [...])

"Illinois" is the modern spelling for the early French Catholic missionaries and explorers' name for the Illinois Native Americans, a name that was spelled in many different ways in the early records.. American scholars previously thought the name "Illinois" meant "man" or "men" in the Miami-Illinois language, with the original iliniwek transformed via French into Illinois.

Illinois - Wikipedia

Boric acid is an extremely effective natural cure for BV, or bacterial vaginosis, when used properly. A number of factors can offset the balance of the healthy pH of the vagina including menstrual flow, semen, and soap. As the pH becomes alkaline, the natural bacterial environment of the vagina also becomes upset and often results ...
