Notes: The overall purpose of this course is to supply low-intermediate students with speaking, listening comprehension, reading and writing skills that help them become more successful in their jobs and community. The intensive approach focuses on common errors by comparing and contrasting Spanish and English grammar, with an emphasis on classroom participation.

In accounting, the Inventory turnover is a measure of the number of times inventory is sold or used in a time period such as a year. It is calculated to see if a business has an excessive inventory in comparison to its sales level. The equation for inventory turnover equals the cost of goods sold divided by the average inventory. Inventory turnover is also known as inventory turns, merchandise ...
