## Mozilla Firefox User Guide

All of the changes you make in Firefox, like your home page, what toolbars you use, extensions you have installed, saved passwords and your bookmarks, are all stored in a special folder, called a profile. Your profile folder is stored in a separate place from the Firefox program so that, if something ever goes wrong with Firefox, your information will still be there.

First of all, the interface in Mozilla Firefox 3 is now much easier to customize. This version offers seamless integration with Personas, Mozilla's theme gallery for Firefox, which lets you apply new Firefox themes to your browser with a single mouse click. What's more, you can try them on the browser before actually applying them, just by hovering your mouse over the theme's name.
