Learning standards are concise, written descriptions of what students are expected to know and be able to do at a specific stage of their education. Learning standards describe educational objectives—i.e., what students should have learned by the end of a course, grade level, or grade span—but they do not describe any particular teaching practice, curriculum, [...]

The CARTO mapping system uses low energy electromagnetic fields. The coils emitting nonhomogenous magnetic field (3 coils with different weak magnetic fields -  $5 \times 10^{-6}$  to  $5 \times 10^{-5}$  Tesla) are located in a triangle (location pad) that is placed under the table on which the patient lies during ablation procedure. A magnetic sensor is in the catheter tip.
