Kalyan, As mentioned in the article, since you are writing options(i.e selling first), you would have already paid the applicable STT. In both the cases which is you buy on the exchange or if you let it expire, you don't have to pay any STT at all, i.e STT would be zero for you since you had already paid STT when you had shorted the options( @0.017% of the premium, which is negligible).

This paper is a comparison between two programs implemented to combat poverty in Latin America: Prospera (Prosper) in Mexico and Asignación Universal por Hijo (Universal Assignment for Child) in Argentina. The first section offers a review of the emergence of the welfare state, examining economic and urban development in both countries and the underlying trends of social policy instruments.
