Pollution Papers

I noticed quite some visitors at this website are writing a paper about topics like the garbage patch or plastic pollution in general. Over time this page will contain some finished papers from some great people that were willing to [...]Continue reading «Papers»

Papers - Garbage Patch - The Great Pacific Garbage Patch ...

The contamination of air, water, or soil by substances that are harmful to living organisms. Pollution can occur naturally, for example through volcanic eruptions, or as the result of human activities, such as the spilling of oil or disposal of industrial waste. ♦ Light from cities and towns at night that interferes with astronomical observations is known as light pollution.

Topics for this conference include environmental risk management, fossil fuels, renewable energy, Global warming, climate change, greenhouse effect, urbanization, waste management, health and environment.

ICEPTP'19 - 4th International Conference on Environmental ...

The environmental impact of paper is significant, which has led to changes in industry and behaviour at both business and personal levels. With the use of modern technology such as the printing press and the highly mechanized harvesting of wood, disposable paper became a relatively cheap commodity, which led to a high level of consumption and waste. The rise in global environmental issues such ...

In April 2014, Berkeley Earth began a major new effort to collect and analyze the world's air pollution data. Real-time Map of Air Pollution (larger view) Recent Paper on Chinese Pollution

Air Pollution Overview - Berkeley Earth

Eutrophication (from Greek eutrophos, "well-nourished"), or hypertrophication, is when a body of water becomes overly enriched with minerals and nutrients which induce excessive growth of plants and algae. This process may result in oxygen depletion of the water body. One example is an "algal bloom" or great increase of phytoplankton in a water body as a response to increased levels of nutrients.

Eutrophication - Wikipedia

Stormwater quality management involves a large and diverse range of issues and information. This section provides ready access to the most pertinent and up-to-date resources for the stormwater quality practitioner.
